#### NOTICE TO CITY SUBSCRIBERS.

Wishing to confine our business as near as possible to the CASH SYSTEM, we have determined hereafter to collect our subscriptions. within the city, QUARTERLY. To carry this determination into effect, we have placed our Whole city list in the hands of Mr. WILLIAM GILL, who will make the collections, and also attend to the delivery of the Papers, and see that subscribers are served punctually. We hope this arrangement will be satisfactory to all parties. Those who may desire to save them selves the necessity of making four payments during the year, can, if they prefer it, pay in advance for the whole year.

THE CAPITOL EXHIBITION .- It was a happy thought of the H storical Society, that led to getting up the Exhibition which is now open at the State Capitol. It embraces a large proportion of the best works of art to be found in the State. The collection of paintings, is one of rare beauty and variety, and will well repay the outlay for admission and the time consumed in a visit. There is scarcely a man, woman or child in the city who would not be pleased by a survey of these productions, not to say benefitted. The rooms are open each day from 11 A. M., and also at night. There is a band of music on hand at night, which lends zost to the occasion. We are pleased to know that large numbers of our citizens go nightly. Go again to-day and te-night, one and all.

Crise's GALETY.-To-night the eminent Comedian, Joney Dracw, will make his tenth appearance at this popular resort. His benefit last night was a perfect ovation; it was one of the most brilliant audiences ever assembled within the walls of the theatre; the dress cirele was crowded to its utmost capacity with the finest looking ladies of Nashville-in fact it was perfect beyy of beauty. Exhibition of the Historical Society is, "I had ville." and this astonishment is increased makes two strokes with the saw. when they are informed that these are only a part of those pictures owned by those persons who were so liberal as to lend them -only those pictures being chosen which had histor- inst. It seems as if Providence delights to ical interest, or artistic beauty to recommend them -numbers are still left "at bome." Besides this there are numerous pictures which the owners, for reasons doubtless good to themselves, were unwilling to lend. Some of gret much their inability to show them to the public. Still those paintings which are in the Exhibition fully compensate in number and quality for all regrets which may arise for those which might be there. Nearly 350 pictures, over haif of which are oil paintings, greet the eye on entering the door, besides nine cases of curiosities and a number of busts,

statuettes, groups of statuary, &c. Among the oil paintings, the portraits predominate somewhat in number, but those paintings which represent landscapes, scenery. genre subjects, copies of some pictures by the old masters, &c., although not possessing the same historical interest as the pertraits, are more pleasing to the lover of art and can be enjoyed without a constant reference to history, or the dry details of state papers. There are on exhibition some pictures of dents and sojourners of Nashville, that our landscape, scenery, &c., of great value which | stock of FALL AND WINTER CLOTHING is now will be particularized in our imaginary "voy- | complete, and we are receiving all the New age round the room." HEATING BY GAS .- Sanding the Air .- One of the new buildings in Hawk street, says the Albany Knickerbocker, is not only to be lighted but heated with gas. The plan adopted is the one got out by Calvin Pepper, Esq., of this city. The iron work will be done up at the Eagle Furnace. Mr. Pepper gets up his heat by passing gas through sand. If the gas be directed into the body of the sand it will instantly diffuse itself through the entire mass, and, raising to the surface, may, with perfect

Tecre can be no doubt that the gas required to light a room will also be sufficient to heat it. Mr. Pepper claims that two cents worth of gas will make a sufficient quantity of sand red-hot to keep a room warm in winter eight hours. If this be so, it will be seen that our fuel expenses can be reduced to about fifty cents a week.

Nothing else does me any Good. LANCASTER C. H., S. C., May, 1856. Dr. C. M. Jackson, Philadelphia:-Dear Sir:-I ave been afflicted with Dyspepsia for a number of years, and until three years since I could find nothing which would afford me relief. Fortunately, for me, I heard of Pr. Hoofland's German Bitters, and thought I would try them, not however, with much faith that I should be benefitted by their use.

To my surprise I found that on taking a few doses I was relieved of the pain in my side and chest, my ap petite became good, I gained strength, and in fact felstronger and in better health than I had for a long time. I do not allow myself to be out of the Bitters, if I can obtain them, for nothing else does me any good. I am willing at all times and ready to state my case to one who may wish to know the full particulars, may be afflicted with Dyspersia or Liver Complaint for I believe if any thing will give them relief the will be relieved by Hosdand's German Bitters. Real Estate Sales.

Final Sale of Lots in KENTUCKY CITY. On Monday, September 27th, 1858.

sept22-tf

Nashville, Tenn

Will commence the second and final sale of lots in this growing and most interesting young city. The Trustees in announcing this sale, feel warranted in assuring the public that at no point in the West can there be found equal opportunities for sale and profi-Kentucky City Is located on the east bank of the Mississippi, upon the nearest high land, (or above overflow.) to the mouth of the Ohio river, and for all practical busiiess purposes, is, and will forever be the mouth of Kentucky City and Columbus contains four thous and 300 acres, laid off into lots, streets, alleys, &c.; 500 acres in quarter and half lots; the remainder in

one, two, four, ten, twenty, forty and sixty acre lots. It is from 4 to 210 feet above high water mark and rounded by a high, Healthy and Fertile Country, apidly growing in wealth and population, with a sainbrious climate, and generous, liberal, enlightened and refined society. There is wanted but one further feature to make this the most commanding point on the great "Father of Waters." This was uninterupted communication with the interior of the adjacent

States, to accommodate internal commerce and facili-tate the interchange of commodities. That want is nowfully met by the established system of Railroads, which has fixed Kentucky City as the center of a netwhich has fixed Kentucky City as the center of a net-work of railroads stretching out and affording con-nections in all directions with the interior and with the cities and lakes of the North and Eist, and rami-lying throughout the whole South and West. That the public may not be led off by suspicions that this is a mere city on paper, we request you to enquire—to come and see for yourselves. See the map—Kentucky City is the northern termi-nus of the Great Mobile and other Paris. ons of the Great Mobile and Ohio Raifroad—460 miles ong. See also our railroad connection by Union City and along the Nashville and Northwestern Raifroad via. Paris and Clarksville to Nashville 178 miles. Also, by Kenten and along the Memphis and Ohio Rallroad to Memphis, about 160 miles. Also, via. Jackson, Tenn., Holly Springs, Canton and Jackson, Miss. to New Orleans, 500 miles. Also, via. Ceruth, thence along the Membius and Charleston Railroad to Tuscumbia, Huntsville, Chattaneoga, Knexville, and the East, and with Atlanta, and Savannah, Georgia Al-so, by the Fulton and Texas Railroad via. Little Rock

through to Arkansas and Texas to the Pacific Ocean Also—by the Iron Mountain railroad to St. Louis, 150 miles. Also, by the Steam Ferry Packets, plying to and fro with Cairo and the litiness Central Rulroad to Chicago, and the whole northwest. Intelligent, enterprising and practical men who will some and see and investigate in person, will be con-inced that the extraordinary commercial advantages seessed by Kentucky City, secures to this point requisites for manufacturing and commercial purposes which must, of necessity, cause it speedily to become the great intermediate city between the North and the South at which the productions and manufactures of each section will be ores of each section will be concentrated for sale, or to be exchanged for those of the other. Edgings, Children's Robes, Waists and Capes. A large lot of Patent Skirts and Corsets. Cloth Gooks of the most popular styles. Furs in great quantity, all the without his finally resting on the mouth of the Ohio way from the Rocky Mountains. as the center of population and commerce of the United States."

The sale is to be made without reserve and in good faith, and there will always be a reliable gentleman on the ground, whose pleasure and duty it will be to give all needful information, and answer all written or oral interrogatories. Then let no one permit him-self to be led oil by rumor, when the facts are so acessible to all.
Sale to commence Monday, Septemper 27th, 1858, and continue until all the Lots, numbering upwards of four hundred are sold.

Terms of Sale. Ten to twenty-five per cent cash in hand, for the residue a credit of one and two years with interest.
